Public Comment

Mr. Harold Peacock, 143 Pine Hill Drive, addressed Mayor and Council concerning their concerns with trash collection services. He stated that since October, trash in his area has not been consistently collected, resulting in significant accumulation. While a previous cleanup was conducted by city crews, he noted that it left behind additional debris.

Mr. Peacock further reported similar issues in other areas, including Roberts Drive, Lynn Place, Newton Place, and Lamar Drive. He expressed concern with current collection limits and requested consideration of contract changes to allow for full removal of accumulated trash.

Additionally, Mr. Peacock raised concerns about a washed-out culvert near his residence, posing a safety hazard for vehicles, including school buses. Temporary cones have been placed, but the issue remains unresolved.

Mayor and Council thanked Mr. Peacock and advised that staff would follow up with him regarding his concerns.
