Dykes Street getting smoother ride

COCHRAN- Today Everett Dykes Grassing Company began major construction activities on the \$2 million resurfacing project on State Route (SR) 26/Dykes Street from Julian Simpson Road to SR 87.

Contractors are milling up one lane west of the city limits heading toward Hawkinsville at this time. Drivers expect delays for required lane closures the next month.

Official project completion is March 31, 2018. The general work schedule is Monday through Friday.
